Physical Address: _____ Zip Code: _____

Animals Name: _____ K-9 Feline Male Female

LPCHS uses qualified staff and approved materials for all procedures performed. It is important for you to understand that the risk of injury or death is always present. Carefully read and understand the following before you sign your name:

Acting as the guardian of this animal above, I hereby authorize LPCHS, through veterinarians designated by LPCHS, to perform an operation for sexual sterilization.

- I certify that my pet is in good health and has had no food since 12:00 a.m. on the evening prior to surgery.

- I understand that LPCHS has the right to refuse service to any animal that is deemed a health risk.

- I understand that the operation presents some hazards and that injury or death may be a result, for there is some risk in the procedure and the use of anesthetics and drugs in providing this service.

- I understand that some factors significantly increase surgical risk, including but not limited to: pregnancy, heat, and disease such as FIV, FLV, and heartworms.

- I understand that serious complications can occur as a result of this surgery, including but not limited to: bleeding, nerve damage, bowel or urinary problems, blood clots, heart attack, allergic or other reactions to drugs or anesthetics, pneumonia, inflammation, and adhesions.

- I understand that individual pets may respond differently to anesthesia and because of the stress of a surgical procedure, unexpected reactions may occur. These include allergic reactions, abnormal sensitivities, and the absence of regulatory mechanisms in some pets. Such complications are unpredictable, and in rare cases, may cause death.

- I understand that during the performance of these procedures, unforeseen conditions may occur, and I give my consent for the performance of such procedures as deemed necessary in the professional judgment of the veterinarians.

- I understand that my animal will not receive pre-operative blood work and waive my right to have this service performed prior to surgery. If you would like to have pre-operative blood work, there will be a \$60.00 fee.

- I understand that if my animal has an open umbilical hernia, it will be repaired at the time of surgery at an additional charge of \$15.00.

- I understand that if I don't retrieve my pet at the agreed upon time, LPCHS will exercise its right to adopt the pet out after five days of no contact, authorized by Colorado law. If I do not retrieve my pet at the agreed upon time, I will be charged a boarding fee of \$20.00 per night.

- I have been informed and understand that there are risks inherent in any type of surgery and that in some cases, my pet may die or suffer serious effects during or after surgery. Knowing these risks and the dangers associated with surgery, I hereby release and discharge LPCHS, its employees, agents, representatives, officers and directors from any and all actions, claims, damages, loss of services, expenses and compensation on account of the surgical services to be performed and authorized by this form.
