

# Welcome to pranaDOGS

Helping to build a better relationship  
between you and your best friend

Congratulations on enrolling your dog into classes. This basic foundational work can set the two of you up for long term success and clear communication.

## Here's How it works

- **Level 1** Provides the foundational work needed to communicate successfully with your dog
- **Level 2** Reinforces basic behaviors and builds on the communication skills learned in Level 1
- **Level 3** Challenges your dog by introducing Distance, Distraction and Duration into behaviors

Everyone attends Level 1 for two weeks before moving up to Level 2. Many individuals just want and need the basics with their dogs so they often stop after attending 3-4 weeks of Level 2. Other individuals, who want to build on the skills their dogs have already learned, proceed through Level 3.

We use a punch card system so folks can drop in with their dogs. Some people proceed through the entire 6 weeks without stopping while others attend 4 weeks then disappear, only to come back and re-engage in Level 2 or 3 later in the year.

The cost is \$120 for 6 weeks and is payable to pranaDOGS.

## The Schedule

 **Level 1** – 11:00am - 12:00pm Saturdays at LPCHS

 **Level 2** – 1 - 2pm Saturdays at LPCHS

These classes run continuously throughout the year with an occasional Saturday off. Please check our online calendar for any upcoming blackout dates:
